### UX/UI Designer | Novo Nordisk | [www.novonordisk.com](http://www.novonordisk.com)

Feb 2024 - Jul 2024

Novo Nordisk, the pharmaceutical company behind such brands as Ozempic and Wegovy, is aimed at defeating serious chronic diseases with a long heritage in diabetes. At Novo Nordisk, I worked as one of three designers on a cross-functional team consisting of a product manager, data scientist, and software developers. My responsibilities included: developing UI mockups and prototypes illustrating how features work; documenting user flows; conducting exploratory testing; logging UX issues and tracking fixes; and working independently to plan, execute, analyze, and deliver insights from user testing to stakeholders and the team.

### UX/UI Designer | Nordea | [www.nordea.com](http://www.nordea.com)

Apr 2022 - Jan 2024

Nordea is the largest bank in the Nordics with over 60 designers across Denmark, Sweden, Finland, and Poland. At Nordea, I am one of nine designers on a multidisciplinary design team designing for the home loans area of the bank. My responsibilities include: participation in quarterly PI planning events according to the SAFe framework; developing UI mockups and prototypes using Nordea's design system; and working with user researchers to plan, execute, analyze, and deliver insights for research projects in the form of user interviews and tests.

### Product Designer | tamigo | [www.tamigo.com](http://www.tamigo.com)

Sep 2020 - Mar 2022

tamigo is a cloud-based solution that combines scheduling, absence management, performance, employee communication, HR, finance and forecasting, and more. At tamigo, I lead design on one of two cross-functional teams consisting of a product manager, software developers, and QA. My responsibilities included: developing UI mockups and prototypes for specifications illustrating how features work; building and maintaining a design system; and ensuring the UX design dimension of tasks through the entire development process for all platforms.

### User Experience Solution Testing in R&D | BLUETOWN | [www.bluetown.com](http://www.bluetown.com)

Jan 2019 - Aug 2020

BLUETOWN provides low-cost, sustainable Wi-Fi solutions to connect people in rural areas and emerging markets. While at BLUETOWN, I worked with colleagues across electrical, networking, and software engineering disciplines as well as business to ensure a good and cohesive user experience of BLUETOWN products. My responsibilities included: outlining requirements & acceptance criteria for our content, billing, and payment solutions; documenting user flows; conducting exploratory testing; logging UX issues and tracking fixes.

### Product Designer | Hypefactors | [www.hype.news](http://www.hype.news) | [www.hypefactors.com](http://www.hypefactors.com)

Aug 2018 - Dec 2018

Hypefactors is a cloud-based platform to plan, create, share, store, track, and improve content marketing, PR, and social media activities across markets. My responsibilities included: conducting user interviews and user testing; documenting user flows; improving the onboarding flow of Hype.News; and UI design of Hypefactors subscription previews. As the only product designer, I worked closely with the CEO, CTO, and head of marketing in order to align business and design goals with tech strategy.

### Product Designer | Retalent | [www.retalent.io](http://www.retalent.io)

Dec 2017 - Jul 2018

Retalent is a cloud-based hiring tool that combines research in psychometrics, psychology, and behavioral neuroscience with machine learning to help companies hire better and retain existing talent. As Retalent's first product designer, I worked closely with the company's CEO to ensure an optimal user experience across the application. My responsibilities included: UI redesign of dashboards and job simulation assessments; responsive redesign of the homepage; maintaining the branding and style guide; and print design for the startup's white paper.
